WHY CHOOSE THE TAE50122 DIPLOMA OF VOCATIONAL EDUCATION AND TRAINING

The TAE50122 Diploma of VET equips you with the skills and knowledge to excel as a leader in training and assessment. This nationally recognised qualification is ideal for:

- Trainers and assessors wanting to deepen their expertise
- Education professionals aiming for leadership roles
- Individuals working in TAFEs, RTOs, or corporate training environments
- Those seeking career reclassification opportunities (e.g., Victorian TAFE Teachers under the Reclassification Readiness Program) refer to our bespoke Diploma of VET for VIC TAFE Teachers

The TAE50122 Diploma of VET requires the completion of 12 units of competency (3 core units and 9 elective units).

Students will select from 3 specialisations according to their area of expertise or career aspirations.

The specialisations require 5 of the 9 elective units to be selected from a specific group appropriate to the specialisation selected.

1. Advanced Training & Assessment

The TAE50122 Diploma of Vocational Education and Training (Advanced Training and Assessment) is for people in or looking for Advanced training and assessment job roles where individuals are responsible for delivering training and assessment services in the VET sector, including promoting innovative practices and leading other VET teachers, trainers and assessors.

2. Design & Development

The TAE50122 Diploma of Vocational Education and Training (Design and Development) is for people in, or looking for, design and development jobs where you are responsible for designing and developing training and assessment strategies, usually for RTOs, including analysing training needs and designing training solutions and products to meet industry standards and compliance requirements.

3. VET Leadership

The TAE50122 Diploma of Vocational Education and Training (VET Leadership) is for those leading and managing others in an RTO, ensuring continuous improvements and compliance within the VET Sector.

THE LEARNING JOURNEY

ONCE YOU ENROL:

You will receive a welcome email from your trainer to book an initial orientation meeting. This meeting will walk you through how to get started and allow for development of a personal learning plan so we can ensure your journey is unique and specific to your needs.

DURING YOUR ENROLMENT:

We recommend setting aside around 10 hours a week to study but to help you know how much you need to get done each month, you have "Stay On Track" videos in your portal and we prompt you to watch them via email. They outline only the content you need to do that month to be able to finish within your 12-month enrolment easily.

LEARNING RESOURCES:

You will have 24/7 access to our learner portal. This has your entire course set out in a logical and sequential order, including an introductory video showing you how to navigate around it. As you complete each content item, it gets marked as complete so you always know where you're up to.

We have bite-size tutorial videos that delve into the more confusing theoretical content and breaks it down into easy to understand language

We also provide a interactive full-day workshop for the TAEASS413.

ASSESSMENTS:

Your assessments are uploaded in the portal where our assessors can see them, mark them and provide any constructive feedback where it hasn't hit the mark and how you can get there in a second attempt.

Assessments are marked within 4 business days for Guided and Ultimate and within 8 business days for Solo.

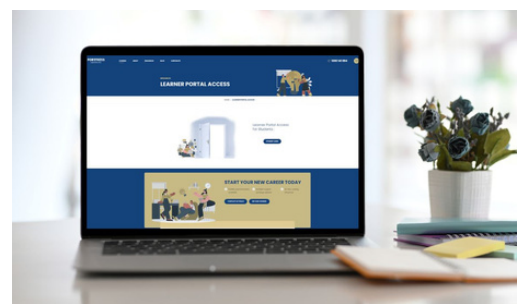

Simulated and workbased assessments: You can blend your training (just like a traineeship) and work with your own workplace from some of the assessments and complete our simulated assessments when the workplace can't provide the resources needed. This lets you take control of the learning and assessment and will be discussed and documented in your welcome call with your trainer.

OTHER FREQUENTLY ASKED QUESTIONS

What Do I Need To Provide For My Practical Assessments?

If you currently work in an RTO, you can use a large amount of resources from your workplace if they will allow you access (ask us about the list of what you'll need in your enrolment interview), if you don't work in an RTO, we will provide everything you need, however, the following will need to be provided by you regardless of which option you need to use:

- A minimum of 4 people to be learners for a face-to-face, in-person, group based training
- An additional person (can't be one of the 4 above) to be a learner who requires 1-on-1 mentoring, doing a workplace-based training

The people you choose may be family, friends and/or colleagues. You just need to record the training session and be able to upload the recording to us via your Learner Portal (you have unlimited tech support if you need help doing this part).

Note: If using family/ friends, they must be 16+ years old to be considered one of your learners.

Can I Get This Done Faster If I Have The Time?

Yes! You can go as fast as you want. Our promise to you is that we'll get ALL your assessments marked within 4 - 8 business days. Many others take 20 - 30 BUSINESS days to mark EACH assessment (plus resubmissions if you don't get it right the first time). Our processes won't slow you down, so how fast you graduate is really up to you!

Are There Flexible Payment Options?

Payment plan options are available for fortnightly direct debits from credit cards or bank accounts (on request). Details of those options are on the relevant course page once you click "enrol", or your Course Advisor can help you work out what's best for you.

What If I Change My Mind?

All students have a 30-day cooling-off period. If you have any issues (at any time) that's making your learning journey difficult, our support team is there to help you resolve them. All you need to do is reach out, which we encourage you to do. There isn't much they can't fix or sort out to keep you moving forward.
