# THE TECHNICAL CONTENT OF THE UNITS

## **TAEDES411 – Use Nationally Recognised Training Products To Meet Vocational Training Needs**

This unit describes the skills and knowledge required to analyse and use nationally recognised training products to meet vocational learners' skill and knowledge development needs.

The unit applies to entry-level VET teachers, trainers and assessors who use a range of products that are nationally recognised or aligned with other recognised frameworks in addressing learners' training needs.

### **1. Prepare To Use Nationally Recognised Training Products:**

- Access and interpret industry and learner information to identify training needs.
- Research nationally recognised training products that would meet identified training needs.

### **2. Analyse Nationally Recognised Training Products:**

- Read and interpret nationally recognised training products that may meet training needs.
- Select those training products that meet identified needs.
- Review and interpret information in available support material relating to selected training products.
- Access and interpret existing training and assessment strategy to determine the training context and assessment environment.

### **3. Apply and Evaluate Selected Nationally Recognised Training Products:**

- Apply selected nationally recognised training products to own practice according to learner needs and regulatory requirements.
- Seek feedback relating to whether applied training products meet specified requirements and identified needs.
- Analyse collected feedback and identify required changes to product use.

## **PRACTICAL REQUIREMENTS**

For Workbased pathways and as part of the evidence being demonstrated for RPL assessment pathways you will require access to:

- An observer who holds the Certificate IV in Training and Assessment and has the industry knowledge to act as a Third Party Supervisor to complete the Third Party Reports?
- Personnel such as training managers to seek feedback from
- Information about the industry and learners relevant to identifying training needs.
